

Insurance

Our Pet Healthcare Plan is NOT insurance; it is for the routine but essential preventative healthcare.

But unfortunately, things in life sometimes happen when we least expect them - pets can have an accident leaving you facing an unexpected veterinary bill. Some common ongoing conditions such as allergy or Diabetes can cost considerable amounts to control.

We would therefore recommend you purchase pet insurance alongside your Healthcare Plan to cover these eventualities.

Please look carefully at getting lifetime cover (rather than annual). Whilst we cannot recommend individual companies, we are able to give general advice about this.

Extended Payment Scheme

For any treatment over £500, owners of pets on the Shipston Pet Healthcare Plan may have the facility to spread the payment over 4 months. Please note no discount is available if the Extended Payment Scheme is utilised. A deposit will be required. Use of the Extended Payment Scheme is at the discretion of the Practice Manager/Principal and subject to Terms and Conditions.
